Workwear Solutions

IT'S NOT A UNIFORM,
IT'S AN 'ELEMENT' OF YOUR SUCCESS

HOW EMPLOYEES LOOK AND FEEL IS KEY TO ANY COMPANY'S SUCCESS.

The concept of 'Dress for success' has today become a mandate for growth and achievement. By wearing the right workwear, every organization develops a personal connect with the employees, While still maintaining professional decorum. It also enhances the brand value of your corporate image in the eyes of your client/customer and aims at building a successful longterm relationship.

ELEMENTS offers a full range of ready to wear workwear clothes with personalized logos to suit the need of every corporate organization. We continue to grow from strength to strength by working closely with our clients and developing products specially suited to their exact requirements complimenting the brands and ultimately enhance the staff moral, comfort and appearance.

ELEMENTS POSSESSES A WIDE RANGE OF CAPABILITIES

DESIGN

ELEMENTS has chosen to employ our own staff of full-time designers rather than outsource the design of our uniforms to a third-party design firm.

We believe this approach creates a more unified process and allows our designers to work collaboratively with our sourcing and production leadership to ensure that designs/silhouettes can be translated into styles that can be produced in a timely and cost effective manner.

PRODUCT DEVELOPMENT

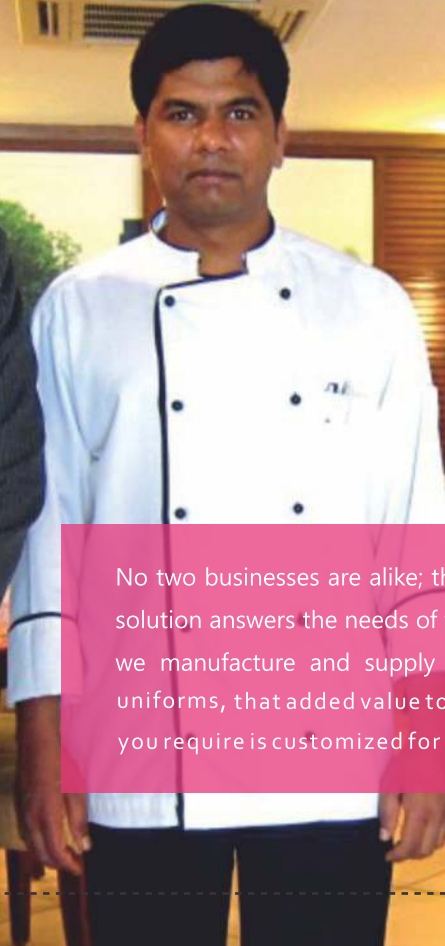

ELEMENTS also executes a rigorous product development and placement process that ensures the performance of each style exceeds that of "off-the-shelf" solutions provided by most other uniform companies'

We offer:

- Complete uniform design and packaging
- Price competitive solutions
- Personalised embroidery and logo printing
- Personalised customer service

OUR CLIENTELE

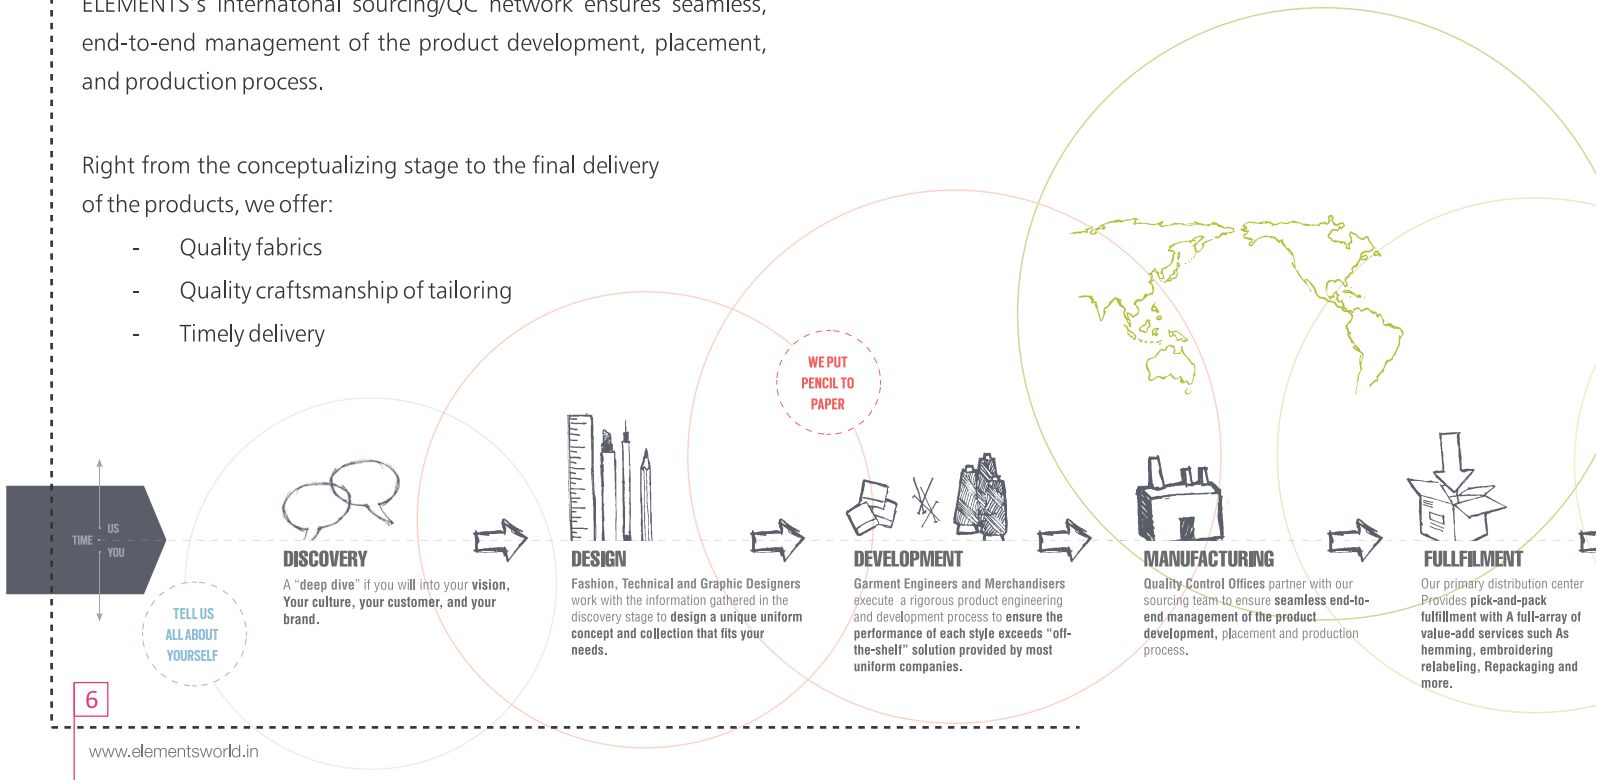

No two businesses are alike; therefore no singular corporate wear solution answers the needs of two organisations. Here at Elements we manufacture and supply corporate wear, uniforms, staffing uniforms, that added value to your corporate identity. whatever you require is customized for your brand.

ELEMENTS MANAGES MANUFACTURING FROM START TO FINISH.

ELEMENTS's international sourcing/QC network ensures seamless, end-to-end management of the product development, placement, and production process.

Right from the conceptualizing stage to the final delivery of the products, we offer:

- Quality fabrics
- Quality craftsmanship of tailoring
- Timely delivery

Exquisitely Tailored to Impress

We specialise in the following industries:

- Infrastructure & construction
- Speciality retail
- Hotels & Hospitality
- Manufacturing & IT services
- Healthcare
- Education

BETTER
LEFT TO THE
EXPERTS

IT'S ALL
IN THE
DETAILS

LAUNCH

Program Management publishes and utilizes a **sophisticated program development guide with comprehensive templates and checklists** for customers that are transitioning from existing uniform service agreement as well as for those companies that are introducing uniforms for the first time.

OPERATIONS

A computer-based inventory planning model utilizes proprietary apparel demand planning routines and algorithms that virtually eliminates stockouts while keeping inventory levels lean to keep costs low.

IMPROVEMENT

Together, we identify the metrics that define success. **Our execution today will always equal or exceed Yesterday's. And that's a promise.**

DESIGN

Fashion, Technical and work with the information gathered in the discovery stage to design a unique uniform concept and collection that fits your
